Tabbah will present Thursday, May 1, 2014 from 9:15 a.m. to 10:45 a.m. at the Las Vegas Convention Center in Las Vegas, Nevada. He will discuss actual stone restoration and maintenance cases that he experienced on the field over the past 32 years while running his own business. They will also learn more about how to work with various customers and their expectations.

"This is my first time presenting at Coverings and I feel honored that I have been asked to present in the 2014 Education Program, especially on its 25th anniversary. I think the audience can really benefit from a course that actually covers stone restoration and maintenance cases experienced first-hand. I've been in business for 32 years and I have dealt with a variety of challenging jobs. I look forward to sharing this knowledge," said Tabbah.
